

Grow your students' reading skills

Each of your students learns to read in his or her own unique way. **Headsprout** is an interactive online reading program designed to teach your students how to become successful readers. The program utilizes engaging individualized instruction that automatically adapts to each student's specific learning needs. Headsprout has been rigorously tested and proven to improve test scores and literacy rates in different classroom environments worldwide.

Imagine
what they
can be
tomorrow
right
resources

With Headsprout you get:

- ✓ Online reading instruction designed to automatically adapt to each student's specific learning needs
- ✓ Multiple levels of embedded error correction that ensure true student mastery before moving on to new concepts and skills
- ✓ Patented vocabulary instruction that teaches students up to four new vocabulary words in less than five minutes of instruction time
- ✓ The Kids A-Z student learning environment and teacher management hub that saves you time and makes learning fun for your kids

“All of my students who have used Headsprout love it! I have seen an improvement in their reading ability as well as their attitude towards reading. With Headsprout they feel successful and are having fun at the same time! ”

-Jo Ann Lisciandro, Teacher, Corona, NY
